INFORMATION ABOUT TRANSPORTATION

1. Request for transportation to private or parochial schools must be made in writing no later than April 1, 2009.
2. To be eligible for transportation, a pupil must live a distance of fifteen (15) miles or less from the school they will attend. This distance is measured by the shortest road route.
3. Pick-up and discharge points may be established that do not necessarily coincide with the residence of the pupil. Pupils attending out-of-district schools may be required to walk the same distance as Burnt Hills-Ballston Lake Central School District students.
4. Requests for transportation between the school building of attendance and a child care location must follow the same schedule each week for transportation between that child care location or the primary residence and school. Requests for transportation to more than one child care location, to more than one primary residence or according to schedules that differ from one week to the next will be denied.
5. Requests for transportation between school building of attendance and an approved child care location made by July 1st will be implemented on the first day of school. Requests for such transportation received after July 1st will not be approved to begin prior to the third Monday in September.
6. The District will consider requests for changes involving primary residence, child care location or weekly child care schedule provided such changes can be made without altering previously established bus routes. Change requests must be submitted to the Transportation Department with approved changes to be implemented on the first Monday following a five school day period for review. (Change Request forms are available at the Transportation Department on Lakehill Road.)
7. ***Only registered students of BH-BL District may ride the bus.***
